In the 12th of the Purchase

Thursday September 27th 1810
having ascertained the variation
of the Compass from the true mer-
idian to be $5^{\circ}45'$ and having traced
the old indian boundary line found
it to run $S 9^{\circ} W$ as near as I can ascer-
tain after adjusting my Compass
to the true meridian, began
at the 50th mile post on ^{said} bound-
ary line & ran $N 81^{\circ} W$ without marking
12 miles to a beech tree 15 T. L. ^{marked}
I marked for a line tree in the
boundary from which commenced
running boundary line

 75.00 struck the corner heretofore
 established on the boundary for the
 corner of towns 14 & 15 Range 12

Note it was not my intention to strike
this corner but considerably farther
East, as it has accidentally struck the
corner, and the tract being too
narrow in some other places, I think
it not advisable to alter the lines,
there not being more land in the
tract than was intended by the
treaty

Treaty Made at Fort Wayne on
the 30th day of September 1809 (for
a strip of land 12 miles wide) lying
west and adjoining to the boundary
line established by the Treaty
of Greenville; and North of the
boundary line established at the
Treaty of Grouseland.
